Re: Team Selection / Cuts

This year will be extremely difficult in selecting the team. We are expecting a large turn out at this years try-outs.

- Cuts will be handled as follows: All players will be handed an envelope at the end of the last try-out that will let them know if they **have made the team** or if they **have not made the team**. We ask that the players do not open the envelopes while inside the gym (and wait until a parent has picked them up and are driving down the road).
- Each Coach will have there own evaluation process. (This may include other coaches participating in the selection of the team).
- Selections will be made on player's abilities, skills/drills testing, availability (commitment), and scrimmage performance during the try-outs.

If you have any questions, please see one of the coaches as soon as possible.
